ASSISTANT PRINCIPAL

5 MILLION SECONDS--

This is, roughly, the amount of time you spent in school this year, the time in which most of the vast educational opportunities offered at Monona Grove High School will be made available to you. Every second presented an opportunity, a challenge, a chance to increase your knowledge and further your development. Every second put to good use was yours to keep. Its learnings will prove invaluable as you have invested it in the building of skills, desirable attitudes and personal responsibility in yourself. You will be able to relive the moment of your high school career through the yearbook.

The value of a high school education cannot be overestimated in the day and age in which we live. To underestimate its value would be a grave mistake for the youth of this or any other nation. The people of our nation, holding a high respect for education and taking advantage of the educational opportunities afforded them, are regarded not only as the backbone of our democracy, but as the best defense of the security of our great country.

"The study of mathematics cultivates the reason; that of the language, at the same time, the reason and the taste. The former gives grasp and power to the mind; the latter both power and flexibility. The former, by itself, would prepare us for a state of certainties, which nowhere exists; the latter, for a state of probabilities, which is that of common life. Each, by itself, does but an imperfect work; in the union of both, is the best discipline for the mind, and the best mental training for the world as it is."

ENGLISH

Our English program involves the teaching of mechanical skills and the guidance of creativity. Mechanical skills give us the power to state our identity. The guidance gives us the means to develop that identity.

The social sciences extend this link to past civilizations - What man has thought, what factors led him to think these things, and the modern application of his thoughts. . . Why should we saw off the end of a log to make a wheel when someone else has done it already? Why not, instead, put our minds to making a better snow tire?

BREAK

The Break is the Monona Grove students' pit stop. Between the second and third laps they are given a chance to refuel, to unload those first and second hour books and to reload for the rest of the morning classes, as well as to comb frustrated locks and to memorize the last two lines of Shakespeare's 6th sonnet.

PEP COMMISSION

Look on the sports page in the paper and you will see that Monona Grove is a school with winning teams. Although the student body can't have anything to do with the team's skill, the spirit of the school does seem to effect how well the teams actually play.

The pep commission, through the use of posters, Public Address announcements, pep skits and assemblies, seeks to promote the students' interest in the various sports at M. G.

BADGER BOYS STATE REPRESENTATIVES

Steve Osterhaus Larry Buss Jeff Swanson Wayne Fiedler Tim Derr

Party caucuses... meeting in the State Capitol... four hundred girls cheering at a rally... solemn inauguration... These are some of the wonderful memories Mary Witte keeps as MG delegate to American Legion Auxiliary Badger Girls State, held on the UW campus last June 12-19. Mary, sponsored by the MG Businessmen's Wives, learned more about the principles of democratic government and put theory into practice as "senator" in the mock-government State of Badger.

Ripon College was the site of noisy, industrious American Legion Badger Boys State, June 12-19. Representing MG, under sponsorship of Legion posts and the village fire department, were five all around outstanding boys: Larry Buss, Tim Derr, Wayne Fiedler, Steve Osterhaus, and Jeff Swanson. The boys studied government structure, acted as senators, fire chiefs, and flagbearers and still found time for athletic achievements.

Anna and Bev

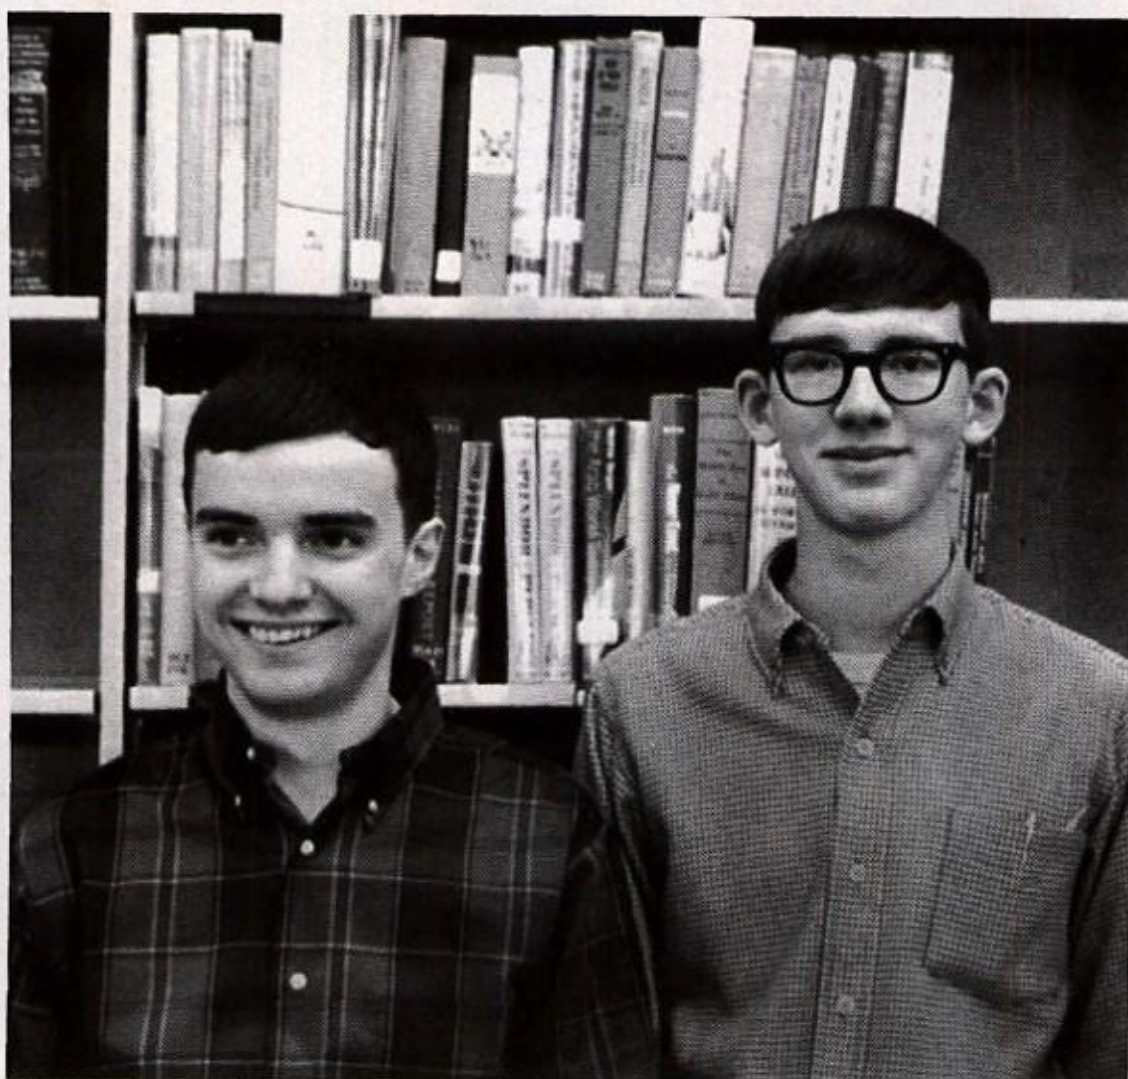

ANNA RIVERA

The pretty, smiling girl with the well-thumbed Spanish-English dictionary is Ana Rivera, Monona-Grove's AFS student from Guatemala. Having only one year of English, Ana had problems with our language at first but learned quickly.

She hopes to become an English-Spanish secretary in Guatemala and eventually a teacher. Her year in America will be a big help.

Life is busier and noisier than at the Instituto de la Ascunión, the private girls' school Ana attended in Guatemala. There were uniforms, and more subjects and less homework per subject. There were Christmas fiestas of turkey and tamales. But this year, Ana's home was Monona-Grove. We hope she liked it.

AMERICAN FIELD SERVICE

Luciano and Jim

LUCIANO SPANGHER

Luciano Spangher, foreign exchange student from Gorizia, Italy has proved to be a most exhilarating addition to the M. G. student body. Indeed, Luciano is a very well-rounded individual; he speaks English intelligibly and understands Spanish, French, and German. He is an avid cyclist, a prize-winning broad jumper, and a supporter of slow dances.

Luciano says that Italian education is more formal and more specialized than that in America. Since he is studying to become an engineer he is presently taking advanced math, shop, and mechanical drawing.

During his stay in America, he would like to visit as many other states as possible.

If we Americans could spread as much charm, warmth, and good will as has our Italian AFS'er, indeed this country would be wonderful.

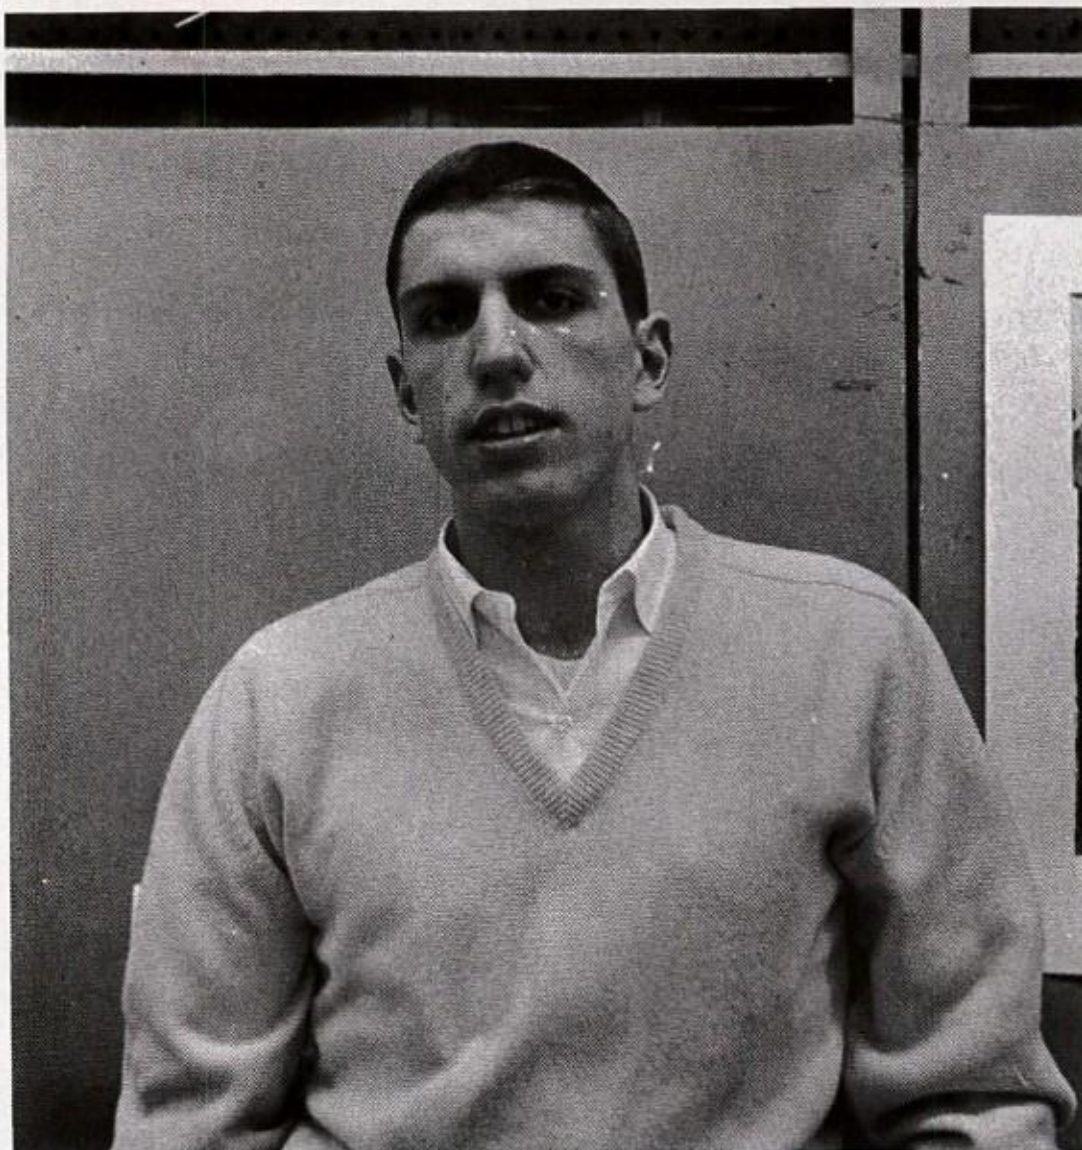

JEFF SWANSON

Jeff Swanson calls it the "greatest experience of my life," his summer as an A. F. S. student in Hong (pronounced like "hook" while burping), Denmark. There, "home" was a rural area, and "father" occupation was a poultry butcher.

Jeff's experiences range from practicing the family trade to going to the stock car races to visiting "Hamlet's" castle.

Although his Danish vocabulary was limited to a few key phrases like "I'm hungry" on his arrival, he learned quickly.

And there was no language barrier in the most important part of his trip--meeting people. As Jeff said, "The more people I met the more I came to understand that they weren't Danes. . . nor was I an American, but rather we were all just people."

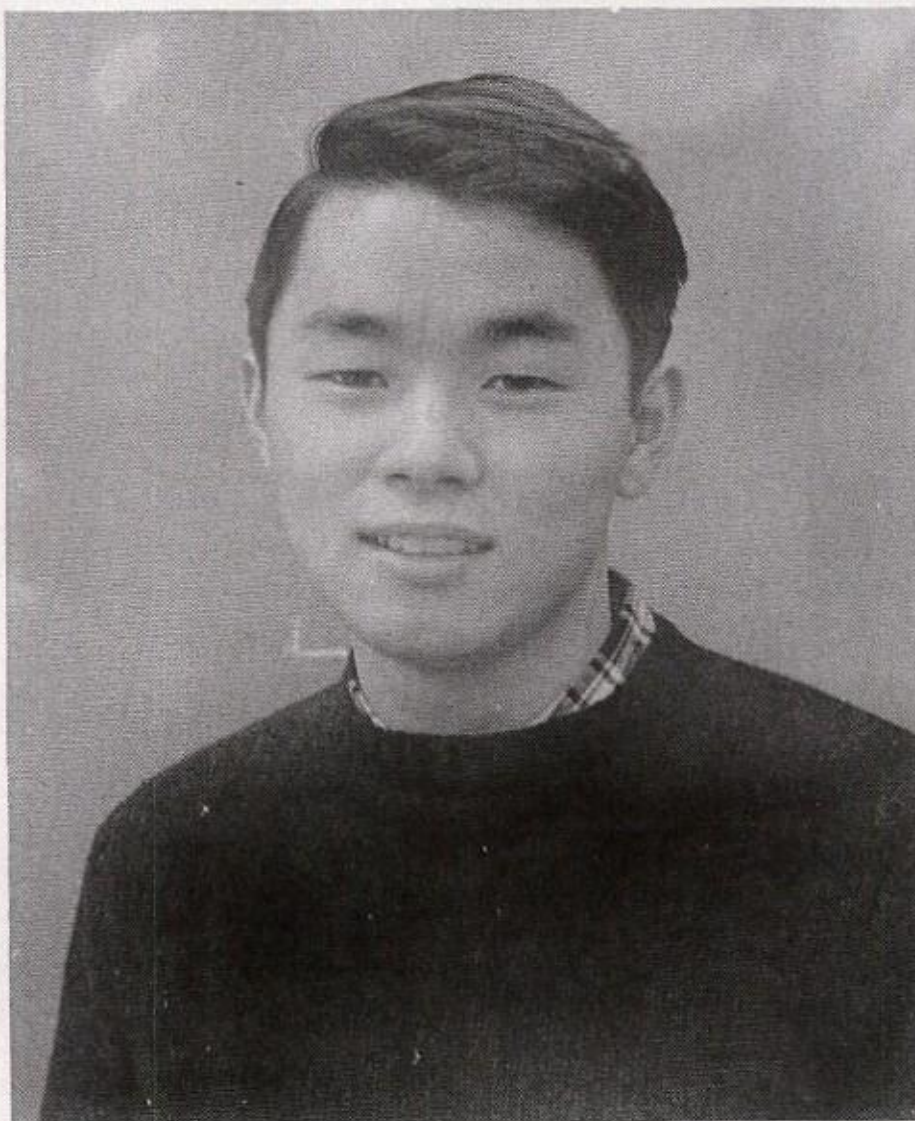

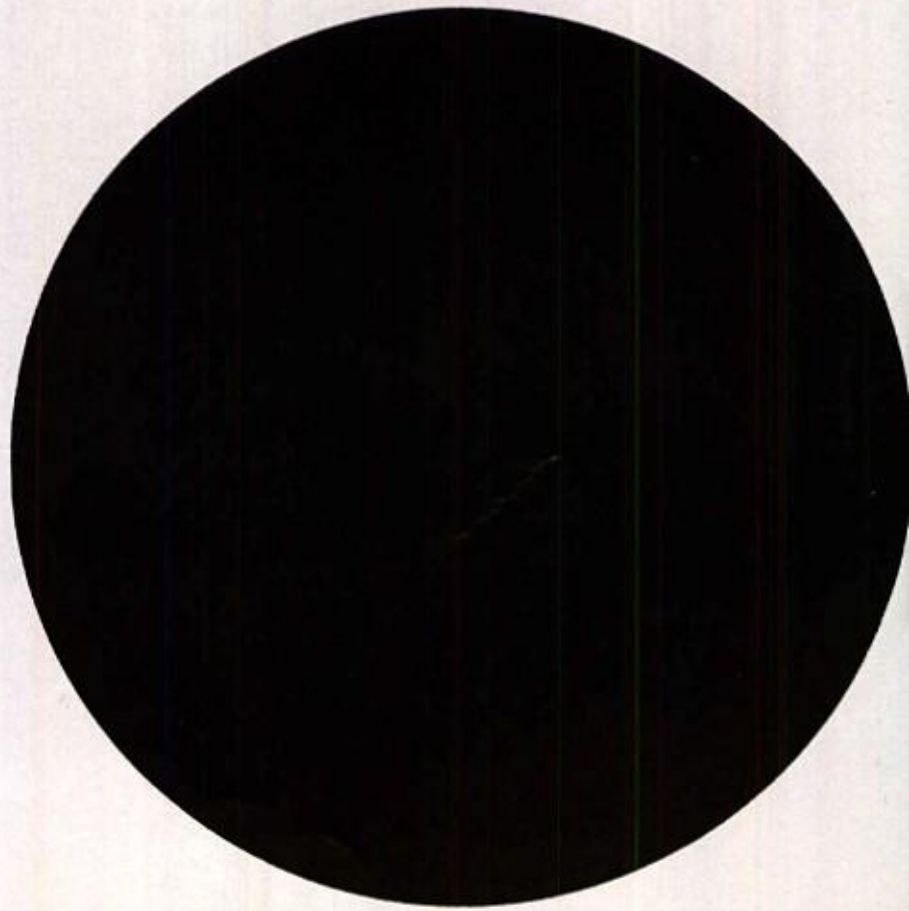

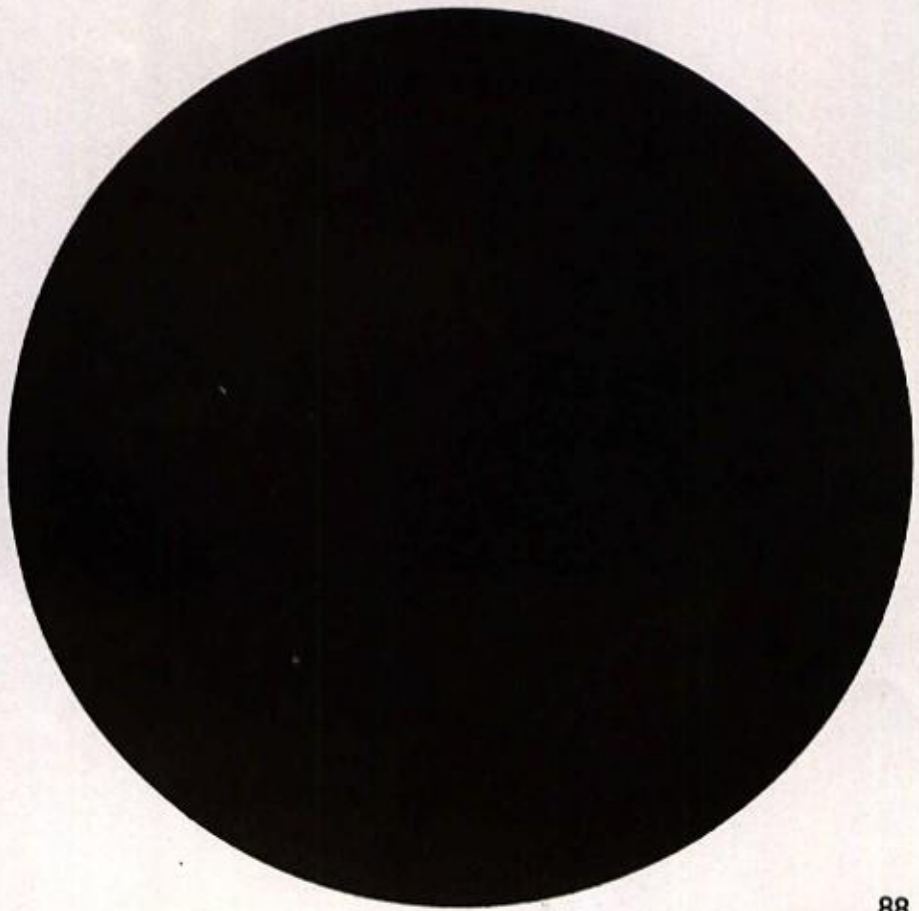

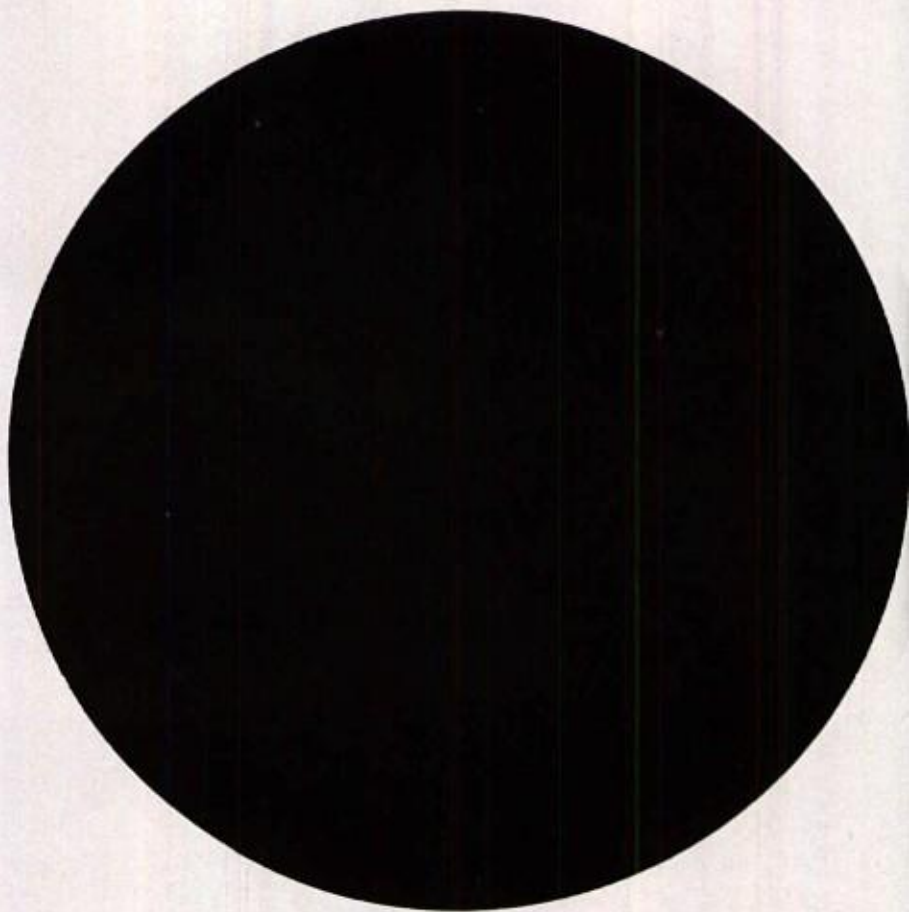

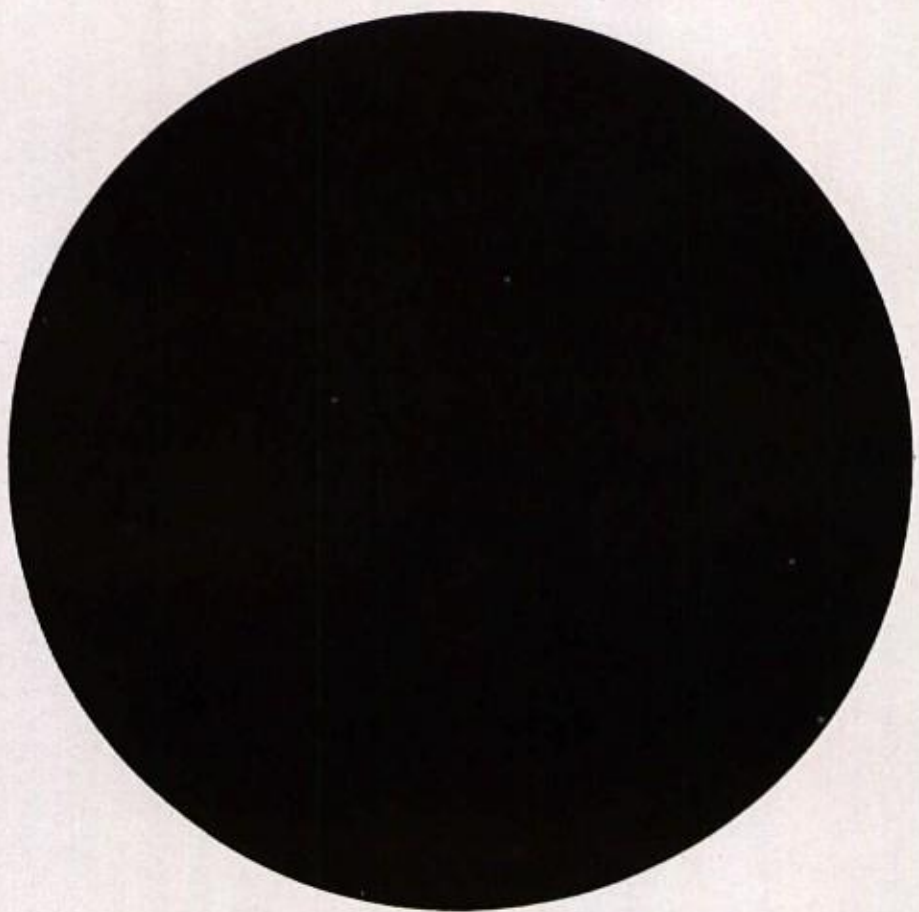

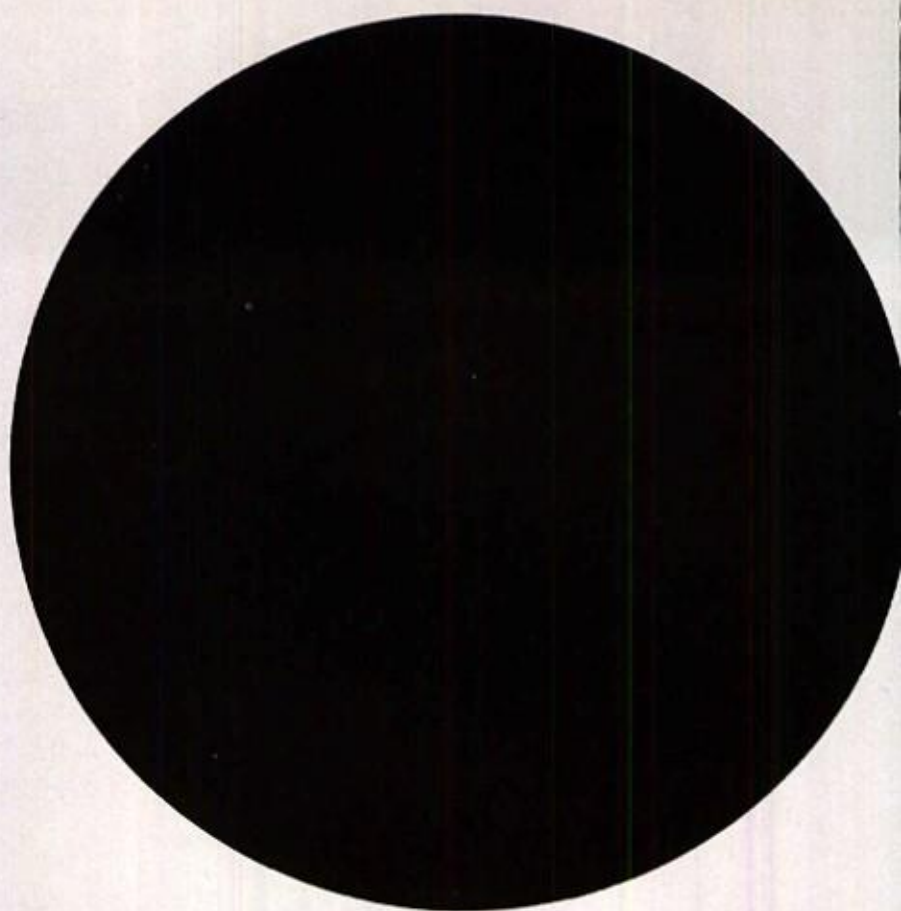

KEIJI FUJITA

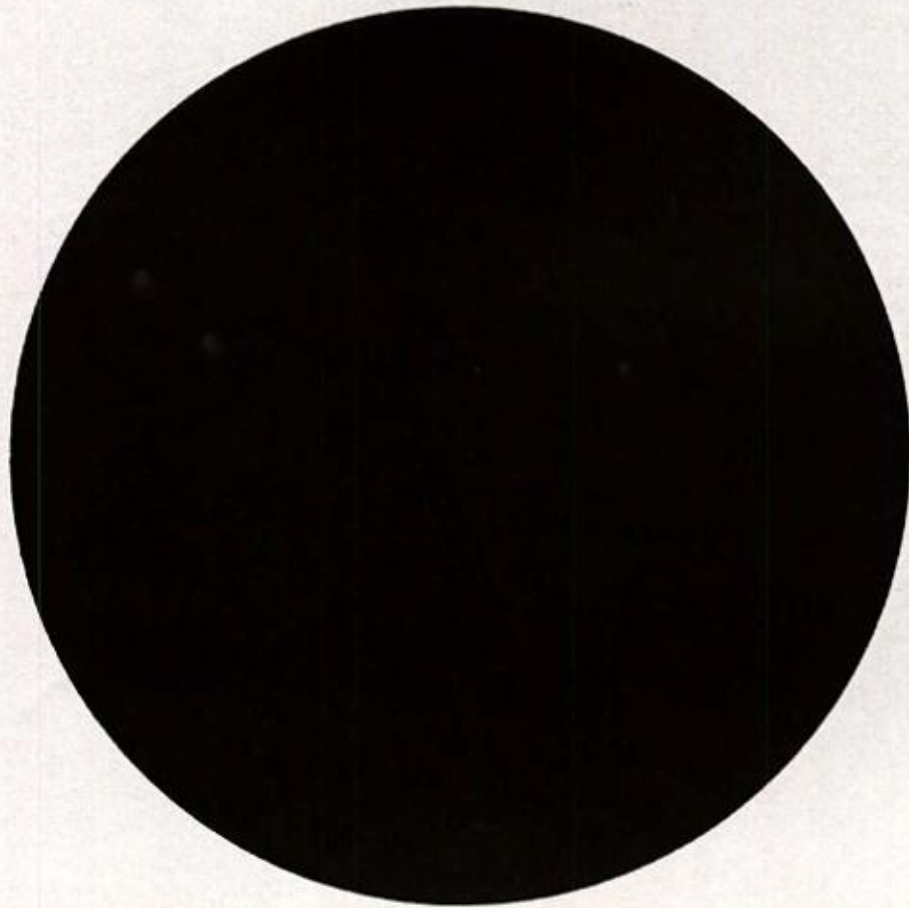

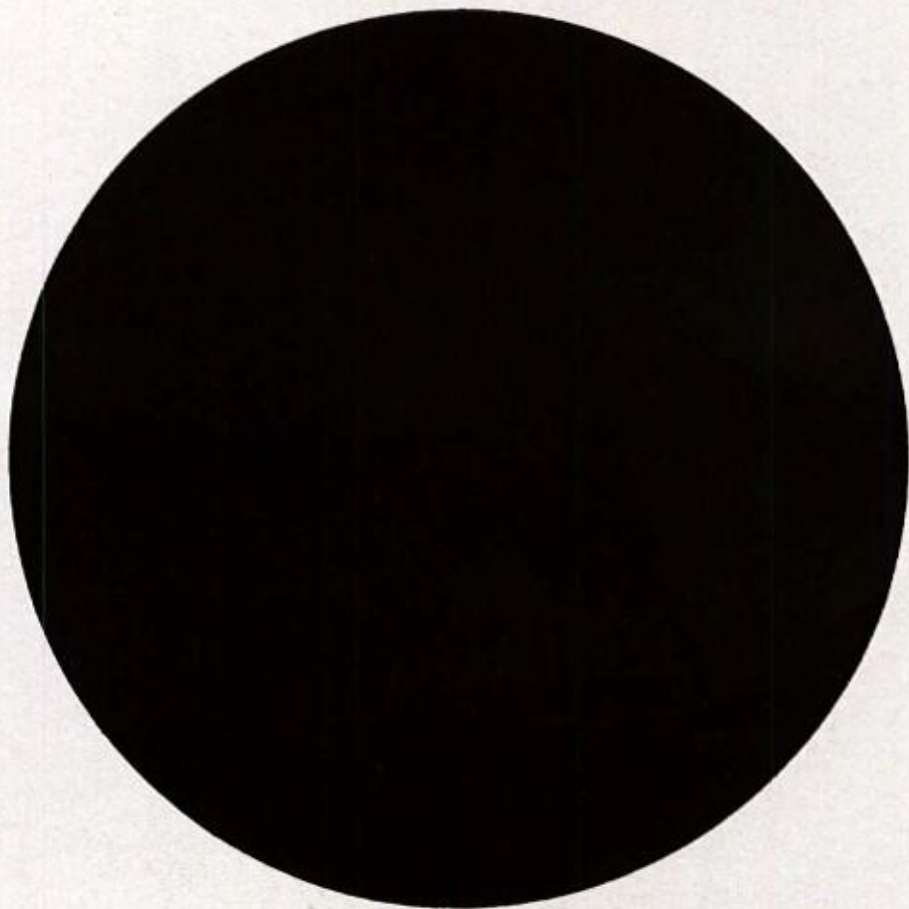

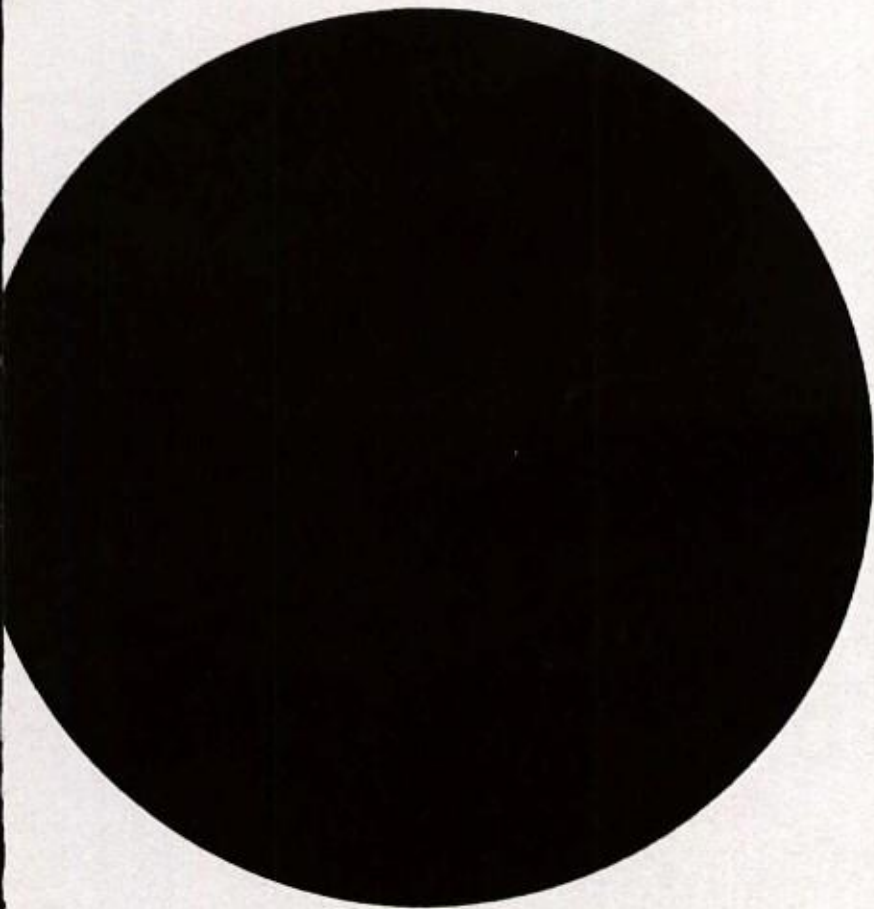

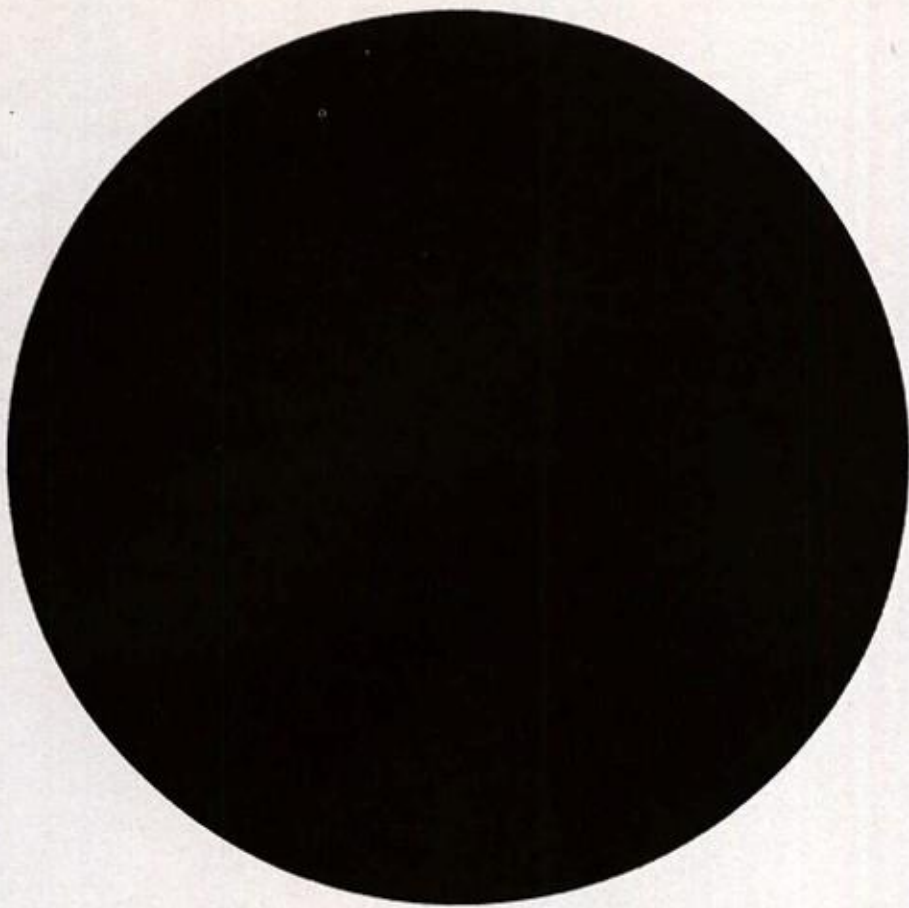

"Everything is strange," was Keiji Fugita's first impression of America. As our independent foreign exchange from Tokyo, Japan, Keiji found that Monona Grove students enjoyed much more freedom than those at home. In Tokyo, classes have as many as 60 students; all courses are required; everyone wears uniforms.

Keiji also had some trouble with the food when he first arrived, but soon learned to like it so well that he gained 10 pounds. This extra weight was important for his wrestling. Here, he impressed a quantity of freshmen (and a few seniors) by promising to demonstrate judo.

Keiji likes America. As he put it, "I love Madison, I love MG High, and am happy to live in such a beautiful place, and to study in such a great school."

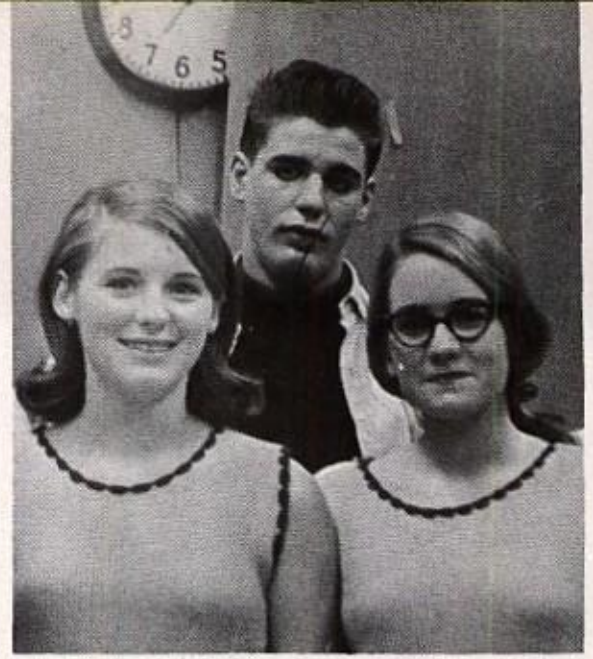

THE NEW LIBRARY

Walking down the front corridor at the beginning of the school year, the average Monona Grove student noticed a large, dirty, and drafty room nearly devoid of books, desks and other materials common to schools. Was it to be the new dungeon? No! In spite of its forbidding appearance, the room became our beautiful new library. The inconvenience caused by the lack of adequate furniture, books, shelves, and magazine racks is offsetted by the benefits students will reap from the library. In the future, Monona Grove students will enjoy a large, well-supplied, and airy library where they can study easily.

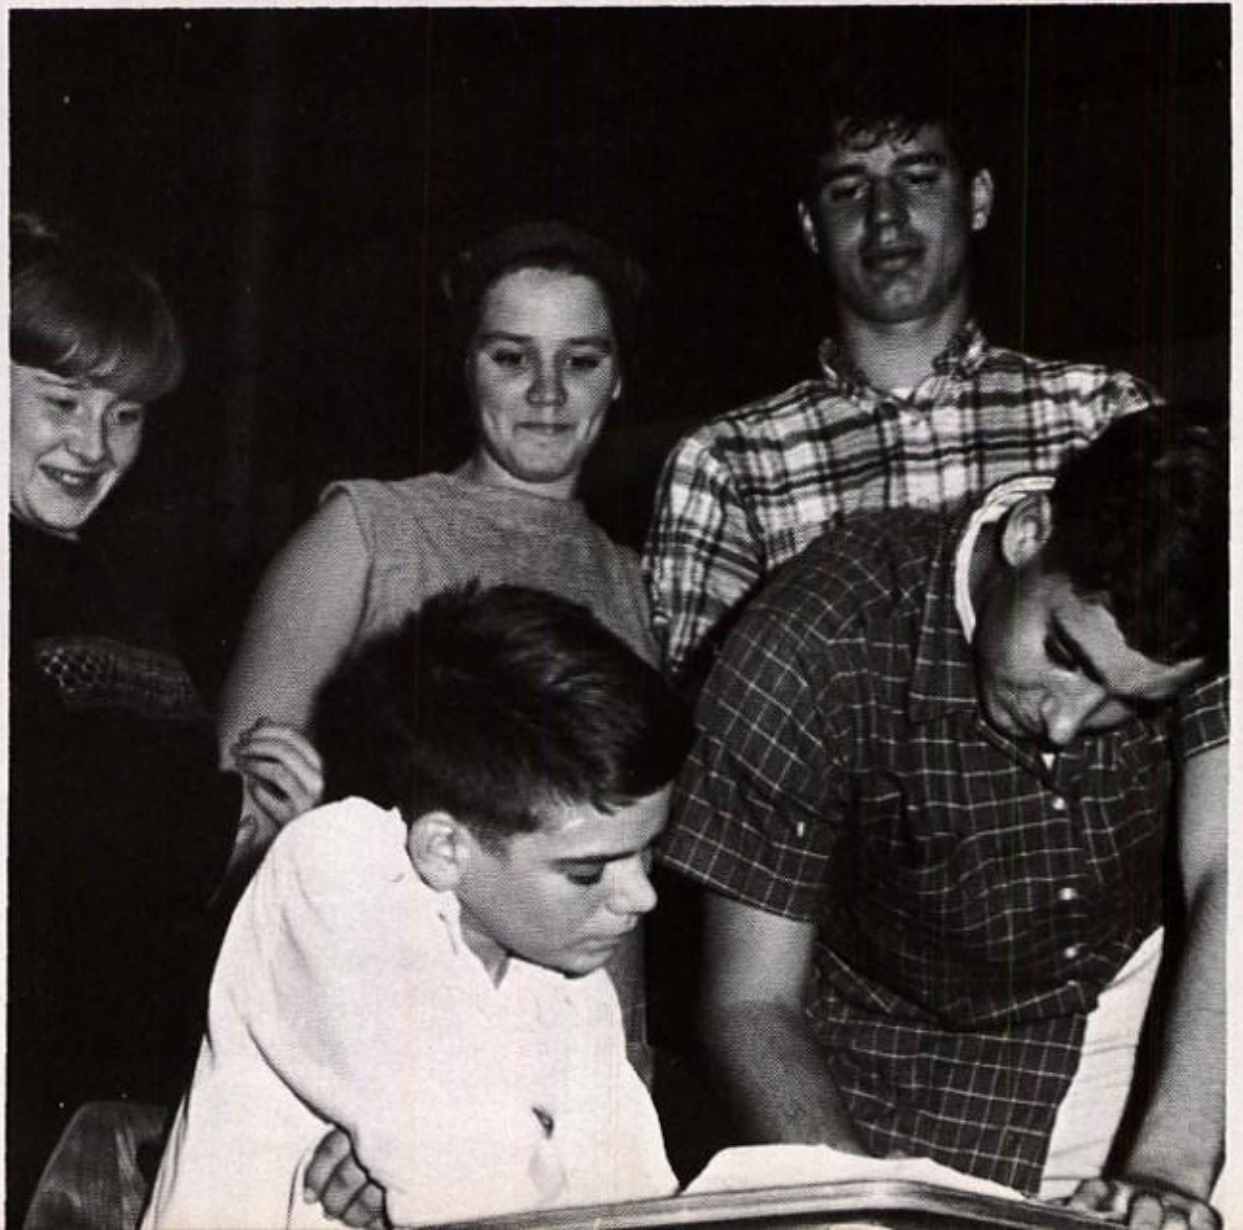

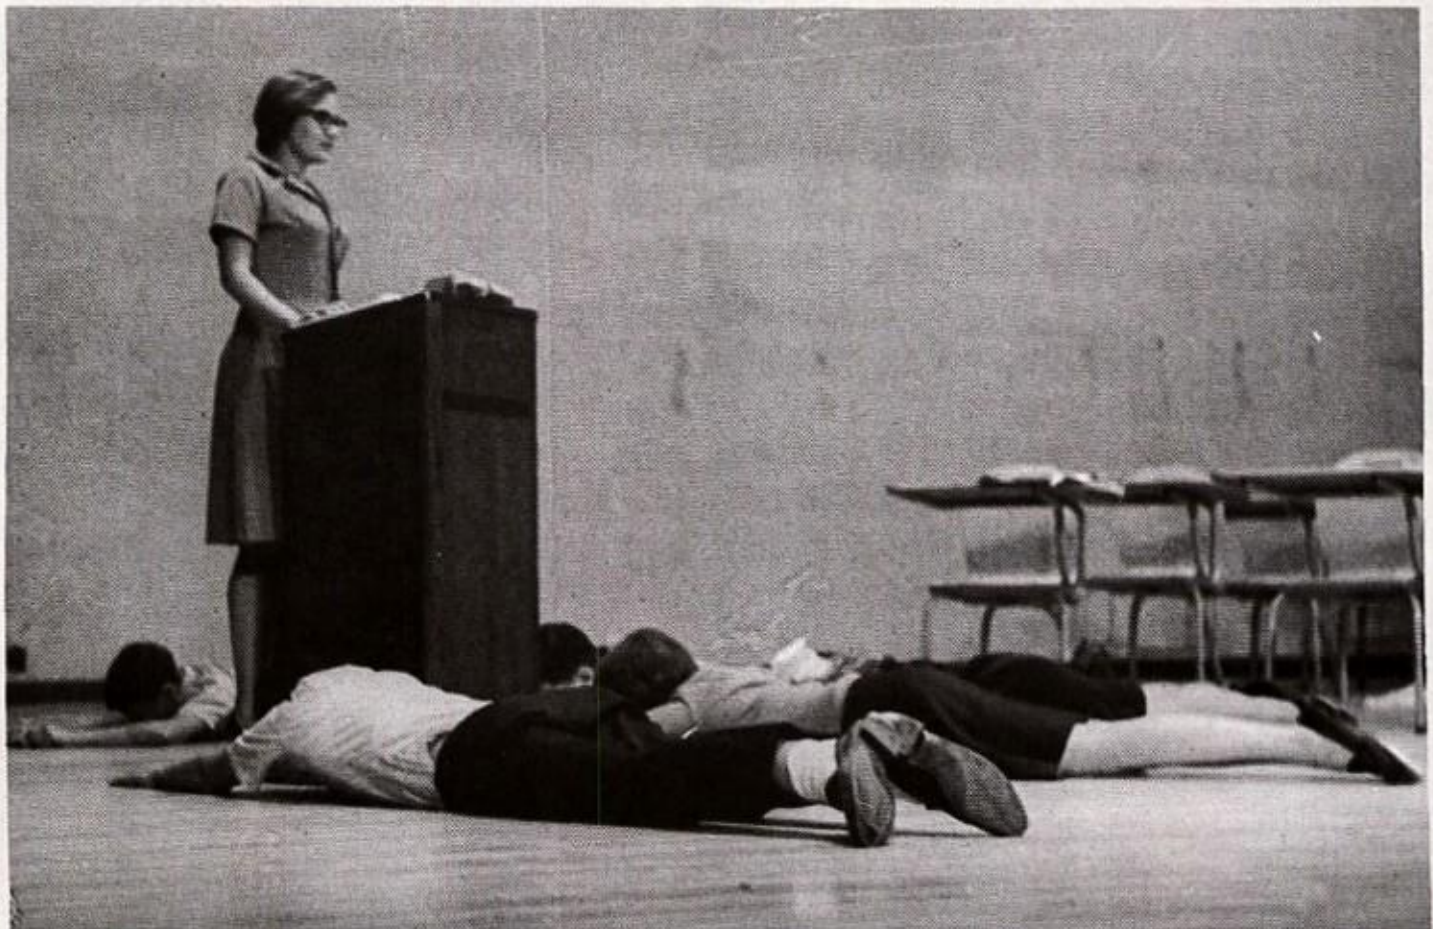

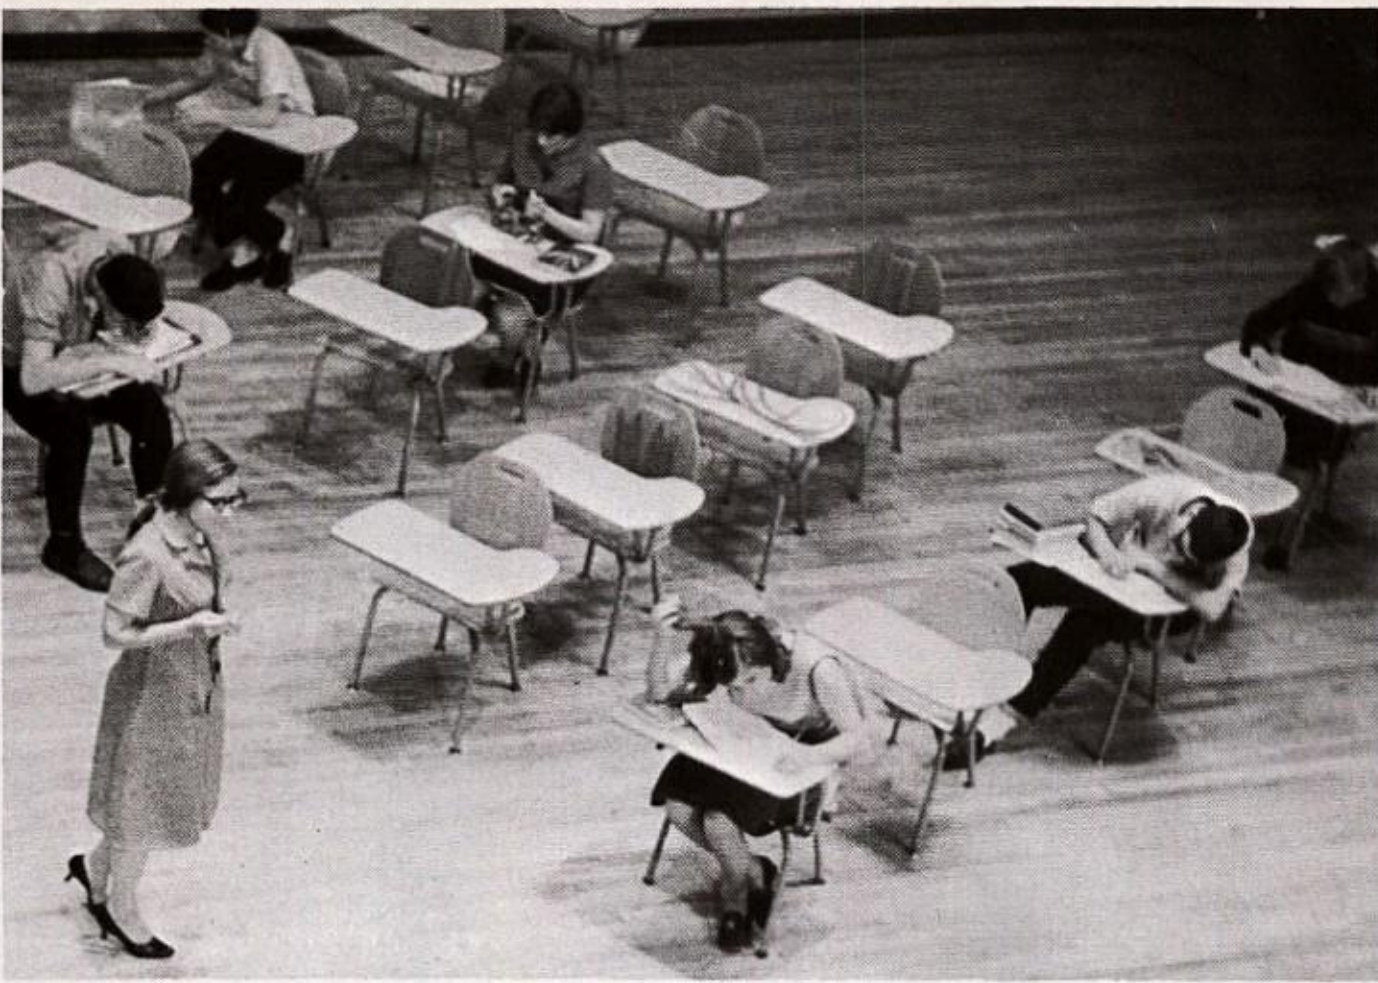

THE TEACHER

The teacher is an original one act play by Mrs. Tena Levy. It is an example of the theater of the absurd. The play by Mrs. Levy deals with the teacher-student relationship which eventually leads to the destruction of the teacher.

MONONA GROVE HOMECOMING

Although Homecoming didn't officially start until Thursday night, preparations were being hurriedly made weeks ahead. The Home Economics Department added a boon to the ceremony by designing and making two royal cloaks of ruby velvet. Mr. Krizmanic donated his masterpiece in the form of a bejeweled crown for the King.

Floats made by the three commissions and the FTA carried out Barb Buchanan's brainchild of a theme, "Born to Victory." The floats, constructed at the homes of Jeri Goff, Dave Paterson, Shari Woodrow, and Gwyn Lewis, created both rivalry between and comradeship among the organizations. Frenzied stuffing of napkins, hammering of fingers, and bartering with shopkeepers produced four beautiful floats as the constructors worked late almost every night.

The fate of the traditional pep ceremony of Homecoming fell as the icy rain on the night of the pep rally. Even though elaborate preparations had been arranged for a parade the idea was dissolved by the rain. The spirit, however, was hardly chilled.

As Friday night approached the passion grew. The first half of the game was highlighted by the 13-0 lead by Monona Grove.

At every added point chain reactions shook the crowd. The audience spewed forth bursts of confetti as the band played the school song.

The court consisting of Queen and her attendants watched the game from chairs adjacent to the bench. This proved to have its hazards when they were almost bowled over by football players.

The return of the Native alumni sparked "hi's" from present students. The most recognizable change came from last year's seniors in the transformation from teens to "college kids."

The halftime program included the Grand promenade circling half the field by the Queen's court and their escorts. The marching band put on an excellent musical exposition. The climax occurred when Homecoming King Wayne Fielder placed the floral crown on Bobbie Gannon adding his own personal seal of approval.

The second half brought forth more excellent football. The final score was 27-0. Fine efforts by all the players accounted for the win.

Although the Monona Grove football team lost its first game to Greenfield 19-7, the rest of the season was flawless.

Early in the season, the team showed its strength by defeating Jefferson 20-7.

Midway into the football season, Monona Grove met the co-leader of the Badger Conference, Sun Prairie. The thrilling, mud soaked game ended in a 14-13 win for Monona Grove.

With sole leadership of the conference, the team easily defeated the rest of their opponents.

CROSS COUNTRY

The cross country squad, though small in number, was big in spirit and determination. Sixteen boys carried the banner for MG and did a commendable job. The fellows selected Larry Hanson as their captain. Their season record was:

- Sept. 17 Win over Monroe 26-33
- 25 10th of 19 schools, Madison West Invitational
- 28 Triangular--Stoughton 23; M G 40; Jefferson 70
- Oct. 1 Loss to Madison East 25-36
- 5 Triangular--Oregon 23; MG 49; Sun Prairie 50
- 9 15th of 19 schools, Hartford Invitational
- 16 Conference Meet, 4th Place
- 23 WIAA Sectional, 4th of 12 schools

Phil Raynoha was selected as the outstanding runner. He qualified for the state meet as an individual, the team missed qualifying by one place. Phil was also elected captain of next year's team.

GIRLS' ATHLETIC ASSOCIATION

The purpose of the Girls' Athletic Association, as defined by the G. A. A. Constitution, is to stimulate an interest in sports; to develop a spirit of good sportsmanship and fair play; to provide opportunities for leadership; and to promote participation in a wide variety of activities.

The numerous activities offered each year are as follows: archery, badminton, basketball, bombardment, bowling, softball, track, and volleyball. Two G. A. A. members are required to head each category and coordinate the sports.

Board meetings are held every first and third Wednesday of each month. Dates for the starting and ending of each sport, considerations for play days and invitations to certain schools, and money progress reports (in which the funds are supplied by doughnut sales) are discussed at each of these gatherings (along with other similar topics).

As a reward, points for outside activities; officiating; and team placings are totaled at the end of the year and for certain numbers of points a girl may be awarded an emblem, a letter, a trophy, or a pen set. The girl with the most points, best sportsman, and other qualities is given the G. A. A. Sports Women Trophy Award with her name and year engraved on it.

Randi,

I'm lost for words so I'll tell a few
jokes before I write in here. (ha, ha)

I sure wish we could have been in
more classes together. But gym class
sure was fun. Arent we great golfers?^{2!}
How many holes in one did you make?

I guess we'll never forget Smoke
bug. Too bad you didn't have her for
teacher. I guess you weren't lucky
enough. Just us special students have
her. (you cant take that anyway you want)
who will ever forget our neat little
party in your camper. You and "Wing"
will have to bring it to Colorado and
we can sleep my back yard!

Thanks for being such a great friend
and don't ever forget me. (how could you)
I sure hope we will meet again
someday and be sure to write to

me.
Good luck always to a really sweet
kid (stay that way).

Love
Lona
